

Internship Announcement

Assistant Landscape Designer Intern

Position reference #649155 Job will go offline on 6/22/2006

Tara Watt Designs, Davis, CA
(Pool and Landscape Design Studio)

Qualifications:

Some knowledge and/or experience in hand drafting and INTEREST and knowledge in Landscape Design.

Upper classmen preferred however student with real world experience is highly encouraged to apply.

Position description

Work with Pool/Landscape/Plant designer to take partially completed designs and using notes add in plant symbols and specifications.

Go to job sites (residential houses), and measure up yard and make starting drawing off these specs. You will be shown how to do all of the above so don't worry if you've never done these before. In general you can work along side the designer but as you get sure of yourself you may be able to do some of the work in your own space at home.

Hours are flexible but we need to end up with 10 to 15 hours a week available between Monday and Friday. This is a PAID position -- \$6.50 - \$8.00/hour and begins immediately.

You will get a good look at how design and construction work in the real world.
